

FCIA Mentor Application

FCIA is pleased to offer a Mentoring Program to FCIA Members. Our goal is to match interested members who have a question or need concerning the fine chocolate industry that can be addressed in three one-hour sessions with other members experienced in that area and who are interested in sharing.

Please note – the Mentoring Program is not:

- An educational program, meaning, the mentor will not be teaching a topic, but will be providing insights, resources and direction for mentees to explore to resolve their identified issue.
- A consulting program, meaning the mentor will not be responsible for resolving in-depth business issues. Rather, mentors will share wisdom and insights and point mentees in the right direction to people, classes and experiences for them to explore.
